mercy Stars AWARDS 2026

Exceptional People, Exceptional Care

11th September 2026

Hospital Nomination Form

Help us to recognise those teams who go the extra mile for patients and colleagues at The Mercy University Hospital.

The awards are a celebration of all that is great about the staff behind The Mercy University Hospital's care for patients and their families in Munster.

Not only are we asking peers, colleagues and managers to nominate individuals and teams, we're asking our patients and their families and friends to help us to make sure we recognise those who inspire others and deliver beyond expectations for our patients everyday.

Mercy Star Hospital Categories

Clinical Team of the Year
Includes any team that provides a clinical service throughout the hospital.

Ward Team of the Year
Includes all wards and units in the hospital and off site from the hospital.

Support Services Team
Includes all teams that provide a support service throughout the hospital.

Hospital Services Team
Includes all teams that provide a service that helps the above 3 categories to function.

N.B. If you are unsure of the category that the team you are nominating should be in don't worry we will ensure all teams are put in the correct categories.

Your Nomination

Please vote for the individual Mercy staff member you deem worthy of recognition. Votes for individuals will then be grouped into the Team that each person who has been voted for belongs to.

The team that has the greatest number of total votes will win.
